The illustrated lectures by Mrs. Downs upon the great English cathedrals promise to be very interesting; and novel as well. Instead of the arrangement heretofore adopted by Mrs. Downs, which gave a whole evening to a special cathedral; this year a period of architecture will be illustrated. For instance, on Nov. 16 the Norman work in Winchester, Norwich, Ely and Durham will be shown and explained. On Nov. 23, the early English portions of Wells, Lincoln and Salisbury, and so on to the end of the course.

The pictures are exceedingly beautiful many of them the exclusive property of Mrs. Downs having been obtained from England recently. By way of comparison several views of great churches in France and Italy will be shown, and thus the evenings made as profitable as delightful.

The work at the Main Street bridge addition has been suspended for some time, owing to the non-arrival of the iron work, but it is understood that that has been shipped and it is expected soon. The mason work and grading is completed and in readiness for the iron. Without other unforeseen delays, the bridge will probably be ready for the electric about Dec. 1.

Some new military rules have been adopted at Puncard, by which when there is a vacancy in any office of the cadets, officers next in rank will be promoted and the election will be for the lower office. Scholarship and proficiency in drill will also count half in electing to an office. It is expected that a drill master will be appointed.

The executive committee of the Puncard Alumni Association have arranged to hold a Thanksgiving social at Puncard Hall next Friday evening. Refreshments will be served during the evening, and it is hoped to have a large attendance. No formal program will be prepared, but the committee desire everyone to come with the intention of having a good lively social time. If each one comes with that intention and with the endeavor to have everyone else enjoy himself or herself, the social will be a success.

A rare opportunity is offered to our citizens who have pianos that are old, or somewhat out of repair, to have them rebuilt by a thoroughly, well-fitted piano builder. As will be seen by our advertising columns, Mr. L. H. Battalia is to be at the room in the water-works building for a few weeks to do such work. His testimonials are the very highest, and among many others is a hearty endorsement by Prof. Downs, our well known Andover musician. Orders may be left at the Andover Bookstore.

The first snow storm of the season Monday, Nov. 5. Mark it down in your diaries. And it was quite a storm too, giving us quite a little foretaste of winter. The snow began to fall about 8 o'clock Monday night, and, before daylight, had covered everything, and nothing was ready for it. Trees were damaged quite a little by the weight on them, the electric cars were a little delayed in the morning, and worst of all, it made the travelling of a miserable kind for election day. Telegraph and telephone service was also impaired quite a little.

The Andover Choral Class and Singing Society held its first rehearsal last Tuesday evening at Puncard Hall. It was well attended. Many of our best singers are members and the different parts are unusually well balanced. The principal study this first term will be one of those bright and tuneful light operas by Sir Arthur Sullivan, "The Pirates of Penzance." The regular weekly rehearsal takes place on Friday evening. Mr. Fries will continue to be at hall of Puncard High School every Monday afternoon from 3 to 4 o'clock to examine the voices of all singers who may yet desire to join.

## Evening School.

The second class in arithmetic, taught by Messrs. Bliss and Merrill, will meet next week, and for the remainder of the term on Friday evening at 8.15. The French class, beginning next week, will meet Tuesday evening at 7.15.

## Foot Ball.

The Phillips team will include a game with the Princeton Freshman eleven, on its trip next week to Lawrenceville, playing at Princeton next Friday.

The new suits for the Phillips eleven have arrived and are considered the best the team has had. They consist of black shoes, blue stockings, grey moleskin trousers with heavy waterproof padding, heavy blue jersey and sweater, canvas jacket, and blue cap.

The Phillips second eleven will play the New Hampshire State College team to-morrow afternoon at 3 o'clock.

Phillips signaled her last game on the home grounds by defeating the Yale Freshman team 25 to 0 Wednesday afternoon. The snow was removed from the field by the town scraper. The Freshmen were a beefy lot of men, but lacked team work. Andover played a grand defensive game, but on the offensive her playing was not as strong as it has been lately. Andover's first touch-down was made in two plays, Durand running 35 and Branch 55 yards. The unfortunate accident to Captain Durand of Andover is greatly to be regretted. It is hardly possible that he will be able to play in the Lawrenceville game. In a scrimmage, a bone in his right leg was broken or dislocated. His loss will be irreparable, as he has been playing a great game at half-back. Yale could gain hardly any ground except by kicking. On her team were Hazen, Murray, Jones, Thomson, old P. A. men. Hazen played splendidly, his work being the test of the Yale team. The game was a most gentlemanly one in every respect.

## History in the Public Schools.

At the regular meeting of Post 99, G.A.R., last Friday evening an interesting circular from Commander-in-Chief Lawler was read relating to the histories used as text-books in some public schools in the country. The matter was brought up at the last national encampment at Pittsburg, when Comrade Vanderslice of Pennsylvania said:

"There has been no more important communication sent to this National Encampment than the one that came from the department of Pennsylvania referring to the infamous histories being published and used in the public schools of the United States, and we have been talking here two days about the education of the youth of the land. There is no more injustice and no more injury being done than by some of the text-books that are being used, which hold up Stonewall Jackson and Robert E. Lee as the exemplars of American valor. I do not wish to differ with the committee, but I do say that I know that report, and I have heard it read in the Post, and in the Departments, and I know there is not one word in it that will not be confirmed by every Comrade of the Grand Army of the Republic; therefore I move that that communication after being revised, if necessary, by the incoming Commander-in-Chief, shall be printed and sent to every Post in the Grand Army of the Republic, that they may know and have attention called to some of these text-books that are not only being used in the Southern States, but in the Northern States as well."

The report was as follows:  
"From the Department of Pennsylvania we have a report full of excellence upon the subject of text-books in public schools which teach falsely the history of those times in which we are particularly interested, and it was sent to us in order that there should be action by this Encampment, to the end that the comrades in other departments shall have their eyes out for histories of that kind and in their several departments take such action as may be necessary to put the heel on the snake. We recommend that the National Encampment commend the action of the Comrades of Pennsylvania, and recommend the same action wherever necessary."

It seems from the circular issued by the Department of Pennsylvania that of certain histories the most condemned was "Ellis" complete history of the United States. As a result of the work of the committee, the publishers withdrew the old edition from the market and a revision was made, but it was not done on "the high patriotic lines" hoped for. However, if this work alone was the subject of inquiry, the committee felt that at least a concession had been obtained.

"It is quite evident, however, that the conclusions the committee were instructed to report were not to be drawn solely from this work or confined entirely to the specific language of the reference. The wider scope of investigation is apparent from the tone and sentiments which pervade the resolutions adopted by Post 2: from the manifest urgency that the Grand Army of the Republic of this Department should declare emphatically against omissions that leave the student to his own conclusions as to whether the North was right or the South was right; from a forbearance that hesitates to pronounce secession, rebellion; from a failure to inspire the youthful reader with that same patriotic conception of the Union cause its soldiers and supporters had while struggling for its maintenance; and from the necessity to counteract the activity of late evinced by the associated veterans of the South, to perpetuate their story of the war only, that it may be restored to that place in history which the best thought of the country long ago decided it had really lost."

In this big busy world the strife for the essentials is to the sacrifice of sentiment. Except as it deals with the ever-present, search after knowledge is left to those whose opportunities permit it. As much, though, as philosophy, science, and mathematics may be relegated to the few, the study of history will always be the pursuit of the many. When it treats of war and valorous deeds, and feats of arms, it will ever touch the hearts and stir the enthusiasm of the men and women of the Nation. Where the history of a people exalteth a people, all generations will give pause to linger and loiter with its memories.

But what, of all matters, the committee seek most earnestly to urge is that in some form, consonant with the opportunities, the children of our Commonwealth have early advantage to know what our Union is and was. How that it had strength within itself to preserve, protect, and defend itself when the assault was made against it by the War of the Rebellion. And that it would have failed to have been obedient to the commands of its own creation had it not put forth all its own inherent force for the preservation of its own autonomy.

"My husband was troubled with Rheumatism so that he could hardly lift his hand to his head, and also had severe pains in his stomach after eating. Four bottles of Hood's Sarsaparilla cured him completely. Our son was all run down and Hood's Sarsaparilla built him up, and he gained 15 lbs. Our little boy Leon has also been given appetite, weight and strength by the medicine. Hood's Sarsaparilla cured me of Erysipelas, which I have had for 15 years and which is now entirely driven out of my system."

## ALLEGED BOODLERS

Aldermen Tilton, Ham, Hoyt and Gate Found Guilty.

Two Liquor Dealers Are Included in the Verdict—Haverhill Wrought Up to a High Pitch of Excitement by the Verdict.

LAWRENCE, Mass., Nov. 8.—After being out shortly more than an hour the jury in the Haverhill conspiracy cases Saturday night brought in a verdict of guilty against all the defendants. They are Aldermen Fred H. Cate, George O. Tilton, Hadley H. Hoyt, William W. Ham of Haverhill, Fred Smith of Cambridge, who is in the liquor business in Boston, and Charles A. Kimball of Haverhill, who is employed by Smith.

The verdict was reached at 8:45, the whole day having been occupied in testimony for the defense and arguments of counsel. All the charges of conspiracy to demand money from persons desiring licenses in Haverhill were denied by the defendants, and several persons testified to their good character.

Attorney Moulton, for the defense, opened his argument to the jury when court came in after the afternoon recess. He argued that it was natural that aldermen should be thrown in contact with persons clamoring for licenses, and that those who were disappointed were ready to cast suspicion on the licensing board. Much of the testimony he characterized as having been prompted by a desire for revenge.

District Attorney Moody said the defendants had been meeting and acting together with one common mainspring of purpose. There was a series of remarkable coincidences throughout the case. It was one of these coincidences which brought the defendants together at Howard's saloon on the night after the license had been granted.

The real purpose of that meeting was to rejoice over their victory, and when the people learned that Smith was there celebrating they rose up and demanded an investigation. The case will be taken to the supreme court.

Disagreement Was Expected.  
A dispatch from Haverhill says that Mayor Taylor been assassinated or had the city hall collapsed it would not have caused greater excitement than the announcement that the jury had found the alleged boodle aldermen guilty of conspiracy. The verdict was entirely unexpected, for it was the general opinion that there would be a disagreement.

It was known, however, that District Attorney Moody secured a vast amount of damaging evidence, and that the testimony of such prominent citizens as William S. Merriman, Dr. C. H. Clement, Thomas F. Carroll, Charles Leighton and others carried with it an air of conviction. Local lawyers crowded the courtroom, and all of them assert that no sooner had District Attorney Moody completed his argument than the counsel for the defendants.

Admitted That They Were Beaten.  
It was expected, however, that the jury would remain out until Sunday morning, and it was not expected that a verdict would be rendered before this morning. Among the members of the city government the verdict was received with a feeling of sorrow, for the defendants are the most prominent members of the board and held high places, both in business and social circles.

It was expected here that one man in the jury would hold out, and that a disagreement would be the result. Alderman Hoyt was nearly prostrated on learning of the verdict. The aldermen refused to be interviewed.

A Peculiar Accident.  
WALTHAM, Mass., Nov. 7.—An electric car on the Watertown and Waltham road took fire and crashed through the gates of the Beaver Brook crossing of the Fitchburg railroad shortly before 9 o'clock last night. A freight train struck the car and injured two men. The car floor took fire suddenly while the car was waiting, and all at once it started ahead at a rapid pace and smashed the gates to kindling wood. The locomotive struck the front end of the electric and smashed it in. Motorman Corrigan was unconscious when picked up. His temple was cut and he sustained other wounds. Michael Welch was stunned and badly cut. The accident was due to a "short circuit," caused by the storm.

Fever in Wesleyan College.  
MIDDLETOWN, Conn., Nov. 8.—The epidemic at Wesleyan University is rapidly increasing, and in the last two days it has added 10 to its already large list of victims. There no longer remains any doubt that it is typhoid fever. At chapel yesterday the death of A. W. Clark, '98, of Newport, Vt., was announced. He returned to his home a week ago. Eight more students returned home Saturday and yesterday, and those who are sick and cannot go on account of the long distance and danger of travel are being cared for by trained nurses.

Hunting Up Elopers.  
PORTLAND, Me., Nov. 6.—Charles Taylor of Boston arrived here to look for his 15-year-old sister, who eloped with a man named Maurice Hayden. After their departure it was learned that Hayden was said to have a wife living in New York, and two children by a first wife residing in New Orleans. The brother and police are hunting for the couple.

## The Representative Vote.

It will be an interesting thing for  
many of our readers to look into the  
representative vote of this district for  
the past seven years, and we accord-  
ingly give the space to print it here-  
with. This year's elected candidate  
may well congratulate himself on his  
excellent showing in the comparison,  
by which it will be seen that he gets  
the largest plurality ever given a can-  
didate in No. Andover.

**Editorial Cinders.**

The Winchester Star is nothing if not  
effusive, but its superabundance of ad-  
jectives must be nearing an end, if its  
last item relating to Andover may be  
taken as a sample. May we be allowed  
to ask who told you so, Mr. Star writer?

\*\*\*\*\*

A Lawrence newspaper has quite an  
outburst over truancy in our schools.  
We would suggest the wisdom of the  
writer's getting the facts before he goes  
quite so far again. At no time this  
year or any other has Andover been  
without a truancy officer, and if the of-  
ficer fails to do his duty, the committee  
are not aware of it.

\*\*\*\*\*

A stubborn motor-man, a puddle of  
water, wet feet, a day's confinement  
in school with those wet feet, and the  
next thing is a serious illness. And all  
this is the result after the bad storm  
last Tuesday. Just a little courtesy on  
the part of a man whose brass buttons  
are a little too much for him would  
have saved such a result. And prob-  
ably this result has many duplicates that  
are unknown.

\*\*\*\*\*

Andover's candidate is the banner  
bearer in big pluralities, County Treas-  
urer Jenkins receiving a plurality of  
nearly 14,000 in the county.

\*\*\*\*\*

The Catholic people in town have re-  
ceived a severe blow in the bad fire of  
Thursday, that destroyed their church  
building. Almost free from debt, and  
fresh in its new paint and furnishings,  
the building was just beginning to have  
a new beauty to the eyes of the parish.  
They will have the sympathy of the  
community in their loss, and cordial  
help in recovering from it.

When Dr. Bancroft was a student in  
the University of Halle in Germany,  
one of his associates was the now  
famous Dr. Parkhurst of New York.

## THE LOCAL VOTE.

Andover's Part in the Political Eruption.  
Osgood elected Representative by 300  
Plurality. Knox to Congress  
Gage to the Senate.

Many a Democrat wore a smile Tues-  
day morning when he found a stormy  
day in view and the ground covered with  
several inches of snow. It is "a Demo-  
cratic day," they said. According to an  
oft-repeated remark, a stormy day is  
considered favorable to the Democrats,  
especially in this town. But the sun  
beamed forth, and although the travel-  
ing was wretched, there was a large vote  
and it was very evidently a Republican  
day here, as almost everywhere else.  
Out of a total registration of 1170, there  
were cast 918 votes, 731 in Precinct 1 and  
187 in Precinct 2. Last year the total  
vote was 895. The two town committees,  
by the use of teams and other means,  
worked faithfully to get out a good vote,  
and taking into consideration all circum-  
stances, they succeeded admirably.

Our well-known county treasurer, E.  
Kendall Jenkins, received a very com-  
plimentary vote, and led his ticket in  
this town, having 24 more than Gov.  
Greenhalge.

Besides the regular election officers,  
whose names have appeared in these  
columns within a few weeks, the follow-  
ing were appointed and acted as tellers  
and additional counters: G. A. Parker,  
Timothy O'Brien, C. W. Paradise, Daniel  
Collins, T. E. Rhodes, Henry A. Sweeney,  
and Geo. W. Foster.

The polls were opened at 7 o'clock this  
year, but not many took advantage of  
this early hour. The voting, however,  
was pretty steady, there being no rush at  
any time during the day. The new law  
prohibiting the officers from counting  
until the polls are closed, only what split  
ballots are in the box between the hours  
of 1 and 2 o'clock, caused the announce-  
ment of the vote to be given a little later  
than last year. However, the result was  
given to the quite large number, who had  
gathered in the hall, about 8 o'clock.  
The counting officers were very active  
and efficient, the work being done in less  
than three hours after the polls closed at  
4.30, an intermission being taken for  
supper, which was served in the hall to  
everyone's satisfaction by Caterer Wig-  
gin.

## A Serious Accident.

Last Saturday, F. L. Hitchcock, a son  
of Proprietor Hitchcock of the Mansion  
House, and a member of the class of '98  
at Harvard College, met with a serious  
and unfortunate accident. He was in the  
chemical laboratory experimenting with  
bromine, when for some cause the fluid  
exploded, boiling up into his face. His  
face was severely burned and his glasses  
were doubtless the only things which  
saved his eyes. He also inhaled some of  
the poisonous fumes, which nearly suf-  
focated him for a time. He was removed  
to his home and is now as comfortable as  
could be expected. His face will prob-  
ably be disfigured for life. The young  
man has the sympathy of his many  
friends in this unfortunate trouble.

Endeavor Societies of Andover, North  
Andover will be held at the South church

"America for Christ." Mr. William  
Shaw will address the meeting in addi-  
tion to the principal address of the eve-  
ning by Rev. F. S. Forbes, a home mis-  
sionary from the West. It is hoped that  
there will be a large gathering of not only  
Christian Endeavorers, but all others in-  
terested.

## Episcopal Church Congress.

The church congress to be held at Mu-  
sic Hall, Boston, next week, from Tues-  
day to Friday, promises to be a most in-  
teresting service. Prominent Episcopal  
ministers from all over the country are  
to deliver addresses on the following  
topics.

TUESDAY, 7.30 P.M. "The Church's  
Duty in the Matter of Secular Activities."

WEDNESDAY, 10.30 A.M. "Proper Ed-  
ucation for the Ministry." 7.30 P.M.,  
"The Sunday Newspaper."

ders in the Protestant Episcopal Church  
to-day." 7.30 P.M. "How to Relieve the  
Poor without Pauperizing Them."

FRIDAY, 10.30 A.M. "The Argument  
from Design as Affected by the Theory  
of Evolution." Rev. Frederic Palmer of  
Andover is one of the speakers on this  
subject. 7.30 P.M. "The Appeal to Fear  
Religion."

## The Chrysanthemum Exhibition.

The chrysanthemum show at Playdon  
& Allen's greenhouses in Frye Village  
from Friday to Monday was a great suc-  
cess. A large number from Andover and  
surrounding places visited there each  
day and evening, over 1000 persons view-  
ing this very pretty exhibition on Sun-  
day alone. It was a unanimous opinion  
that the exhibition was one of the best,  
if not the best, ever given in this vicin-  
ity. Mr. Allen takes especial pride in  
this beautiful flower and has made it  
quite a study. The result, as viewed at  
the greenhouse, was proof enough of his  
knowledge of its nature and growth.

Both gentlemen report large sales, but  
they will have plenty more of the later  
varieties, which will be ready in a few  
days.

## Abbot Academy Club Meeting.

The Abbot Academy Club held its first meeting for the season of '94 and '95 at the Parker House, Saturday, Nov. 3. Notwithstanding the unfavorable weather, many members were present. After a brief business meeting the Club adjourned to the dining room where, after the dinner, it was entertained by its own members. Dr. S. A. Jenness read a poem, making an appeal for silver. Miss Abbie J. McCutchen, being ably accompanied by Miss Lida J. Lowe, sang in her own charming way, "Still as the Night," and "Good-Bye Sweet Day." Mrs. Evelyn J. Masury gave an interesting account of the recent meeting of Woman's Clubs. Mrs. Mary A. Livermore, who was unavoidably absent, has promised to meet with the Club at an early date. Other interesting speakers are engaged for later meetings, and a profitable year is anticipated.

If to this cherished A. A. C. Each one would bring a crisp new Y. We then, in wealth, would soon be rolling. Some of us need just that consolation. But we don't dare to ask for five, so, just to keep our club alive, we mean to beg from each one, one, until our begging days are done. Let no one think "it's very funny" (since every meeting costs some money.) To come here, time after time, And never hear your dollars chime. Now, we much fear that our Miss Vining, Will some dark day, feel like resigning. If, when to hear the bill is sent, she has no money for our rent, (I surely know I am no poet, You needn't think I fear to own it.) And were it not for Carrie E. Some of this number you'd not see. Now, since she mails you many a card, (Although she writes not by the yard,) she, too, needs money for her work. Postmasters ask for solid cash. All unpaid cards are so much trash. And even the Bible tells us, not that love, to owe a man's debt, so, if his teachings you would follow, Come, quickly pay Miss V. one dollar—'Tis said a sense of duty more than, Than any circus ball-balloon. And won't collapse—not half so soon. Kind words are good—but not for food. One needs a more substantial diet. To keep one's "inner longings" quiet, And as the world since Adam's days, Has sought for cash, in various ways, And doesn't now look up a debtor, Because 'tis hoped he may do better. If all this pleading meets no hearing, "Thou'lt" reap no grain unless thou sowest." So quickly pay all, which thou owest. And when this club's poor days are over And we just live in richest clover, With greatest pleasure you'll remember, You paid all dues this dear November. And when, in that far distant land, St. Peter takes you by the hand, He'll not an entrance you refuse, If he just knows you've paid all dues.

## The Church Fire.

To the Editor of the Andover Townsman: DEAR SIR—Will you please announce through your columns my heartfelt thanks for the invaluable services rendered by the fire departments of Andover, Ballard Vale and Lawrence, together with the other good citizens who assisted them at the late fire at St. Augustine's Church. Also my due appreciation of the warm sympathies tendered by the many friends among the clergy and laity of this town and vicinity in this our great trial.

Yours very truly,  
T. A. FIELD, Pastor.

ANDOVER MASS., Nov. 9, 1894.

## Obituary.

Miss Annie M. Barry, an estimable young lady and youngest daughter of the late John Barry, died at her home on Morton Street Monday morning after an illness of about two weeks. She was 27 years of age. Miss Barry's many young friends and former school-mates will be very sorry to learn of her death, for she was much liked by all who knew her. Besides her mother, she leaves two sisters and a brother, William, who is a clerk in the money order department at the Boston Post Office. Funeral services were held at St. Augustine's Church Wednesday morning and burial was in the Catholic cemetery.

## Two Lives Saved.

Mrs. Phoebe Thomas, of Junction City, Ill., was told by her doctors that she had Consumption and that there was no hope for her, but two bottles of Dr. King's New Discovery completely cured her, and she says it saved her life. Mr. Thos. Eggers, 139 Florida St., San Francisco, suffered from a dreadful cold, approaching consumption, tried without result everything else, then bought one bottle of Dr. King's New Discovery and in two weeks was cured. He is naturally thankful. It is such results, of which these are samples, that prove the wonderful efficacy of this medicine in coughs and colds. Free trial bottles at Arthur Bliss' Drug Store. Regular size 50c. and \$1.00.

## Consumption.

The incessant wasting of a consumptive can only be overcome by a powerful concentrated nourishment like Scott's Emulsion. If this wasting is checked and the system is supplied with strength to combat the disease there is hope of recovery.

## Scott's Emulsion

of Cod-liver Oil, with Hypophosphites, does more to cure Consumption than any other known remedy. It is for all Affections of Throat and Lungs, Coughs, Colds, Bronchitis and Wasting. *Prepared by* Scott & Bowne, N. Y. All Druggists. 50c. and \$1.

## BALLARD VALE.

Mr. Edwin Whittier moved his family to Lawrence the latter part of last week.

Miss Annie Morrison of Allston spent Sunday with friends in town.

Mr. and Mrs. William Shaw will attend the State Christian Endeavor Convention to be held at Fall River Tuesday and Wednesday of next week.

Mr. Edward Hayward left town Wednesday evening for New York where he will enter business with his brother, Mr. Caleb Hayward.

Rev. George Adams of the Andover Theological Seminary preached at the Methodist Church Sunday and will probably supply the same pulpit next Sabbath.

The Y. L. P. U. will play the Lawrence High School eleven again to-morrow afternoon if the weather permits. Other games are scheduled as follows: Nov. 17, Park Club; Nov. 20, Bradford High School. All of the above games are to be played on the local grounds.

A meeting of the Andover Christian Union will be held at the Old South Church, Andover, next Thursday evening. An address by the Rev. F. S. Forbes of Cambridge, together with reports of the State Christian Endeavor Convention, is sure to make this a very interesting meeting.

Herbert Johnson's Quintette Club gave a concert of the highest character last Wednesday night in the Bradlee course. The program, which was received very cordially, consisted of songs by the ladies' quartet, tenor solos by Mr. Johnson, readings by Mrs. Elizabeth Flower Willis, soprano and tenor duetta, contralto solo by Miss Day, and a final selection by the club. It was a delightful concert.

Mr. and Mrs. George Shaw quietly observed the fiftieth anniversary of their wedding last Saturday evening when members of the family to the number of about twenty-five gathered to celebrate the event. Mr. and Mrs. Shaw were married in England, coming here to live 46 years ago, and as nearly as can be ascertained, have the distinction of being the first couple to observe their fiftieth anniversary in this village.

Last Tuesday evening the Rev. Frederic Palmer of Andover performed the ceremony uniting in marriage Miss Amelia Connell to Mr. John Fallows, Jr., both of this place. Mr. and Mrs. Fallows received many useful and substantial gifts, including one hundred dollars from the bride's father, fifty dollars in gold from Mr. Fallows' parents, and an elegant banquet lamp from Mr. Fallows' shopmates. The couple will reside for the present at the home of the bride's father on the Boston road.

## ABBOTT VILLAGE.

Mrs. David M. Bailey returned Wednesday from her visit to Scotland.

Joseph W. Higgins has moved his family to the Sullivan House on Main street, below the railroad bridge.

Miss Mary Dick has gone to Boston to spend several weeks with friends.

Miss Agnes Skene has been showing some of her friends an excellent specimen of a cactus plant with about five hundred blossoms. She has been very much interested in the plant and given it the very best of care.

## Hood's Cures in Ipswich.

IPSWICH, Mass., Oct. 25, 1894.—Last spring I had a bunch on my neck which would stay a short time and then disappear and afterwards come again. I began to take Hood's Sarsaparilla and it disappeared altogether. Hood's has also helped that tired feeling. William P. Ross.

## Andover vs. Lawrenceville.

Next Wednesday afternoon the football teams representing the two great preparatory schools of these towns will do battle on the gridiron in the little New Jersey town. Although this contest, on account of its distance, does not awaken the enthusiasm that an Exeter game did, still, it takes the place of that, and students and townspeople alike will anxiously await the result.

We do not hear much about the Lawrenceville eleven here, but sufficient is known to put it down that they have a very strong team and are pretty confident of vanquishing their Massachusetts opponents. The rush line is heavy, their three center men, it is said, weighing 600 pounds. They are being coached by Princeton men, and will do their best to atone for their base ball defeat last summer.

Although as far as we can find out the chances seem to favor Lawrenceville, still we cannot help but feel that Andover by doing her best can win, and we sincerely hope she will return once more with another victory for the leading preparatory school of the land. The Andover team will probably line up as follows: Chadwell, l. e.; Porter, l. t.; Harvey, l. g.; Pierson, c.; Holt, r. g.; Higley, r. t.; Young, r. e.; Barnes, q. b.; Durand, h. b.; Branch, h. b.; Hine, f. b.

Full off with starch and glass serene,  
The linen collar starts the morn;  
Full off at noontime it is seen  
All wrinkled, wrinkled and forlorn.

That's what you must expect of such a collar; it's the linen of it. The stand-up collars won't stand up, and the turn-down collars will wilt down. The easy, cheap, and pleasant way out of this is to wear "CELLULOID" COLLARS AND CUFFS. These goods are made by covering linen collars or cuffs on both sides with "CELLULOID," thus making them strong and durable, and waterproof, not affected by heat or moisture. There are no other waterproof goods made this way, consequently none that can wear so well. When soiled simply wipe them off with a wet cloth. Every piece of the genuine is stamped like this:

Insist upon goods so marked if you expect full satisfaction, and if your dealer does not keep them, send direct to us enclosing amount and we will mail sample. State size, and whether a stand-up or turned-down collar is wanted. Collars 25c. each. Cuffs 50c. pair. The CELLULOID COMPANY 427-29 Broadway, New York.

EXETER, N. H., TESTIMONIALS.

EXETER, N. H., April 7, 1894.

This is to certify that Mr. L. H. Battalia of New York City has repaired our piano during his stay in Exeter to our entire satisfaction both in workmanship and cost. Upon reading his credentials from noted artists and families wherever he has stopped long enough to establish a regular workshop, I became interested in him and on several occasions had long conversations with him by means of which I have been able to become well acquainted with his skill as a mechanic and with his culture as a gentleman whose connections are people of note. Therefore I take great pleasure in recommending him as a well educated and skillful gentleman who will do excellent work and give satisfaction wherever he may be employed.

## STATE ELECTIONS

## Democrats Lost Ground All Over the Nation.

## TAMMANY WIPED OUT.

## Morton Conquers Hill by an Overwhelming Majority.

## Republicans Will Surely Have Control of the Fifty-Fourth Congress.

The returns outside of New England  
show sweeping Republican gains and a  
Democratic overthrow equal to or greater  
in extent than that suffered by the Re-  
publicans in 1890. The Republicans have  
certainly won control of the national  
house by a substantial majority. They  
have also probably recovered control of the  
United States senate.

The Republican sweep in New York  
state is unparalleled. David B. Hill is  
buried under the biggest anti-Democratic  
majority on record in that commonwealth.  
Latest returns place Morton's plurality at  
150,000, and it may rise to 190,000. Colonel  
Strong, anti-Tammany candidate for  
governor, has 40,000. Goff, anti-Tammany  
candidate for recorder, has 45,000 major-  
ity. The Republicans have gained nearly  
a dozen congressmen in New York and  
Brooklyn alone.

The Connecticut Republicans have  
elected their candidate for governor by  
popular vote. They have also elected all  
of their candidates for congress, where  
now three out of four are Democrats.  
Rhode Island has chosen two Republican  
congressmen in place of two Democrats  
now representing the state. New Hamp-  
shire, of course, Republican.

The Republican sweep in Ohio is of un-  
paralleled extent. McKinley's enormous  
plurality of 80,000 a year ago has been  
outdone, and the indications point to the  
defeat of nearly all the Democratic candi-  
dates for congress. Illinois is Republican  
by 70,000 majority; only five Democratic  
congressmen were elected. Pennsylvania  
is, of course, heavily Republican, and no  
less than seven congressmen have been  
gained from the Democrats.

Republican governors have been elected  
in the Democratic states of Delaware and  
Tennessee, and the Republicans will hold  
the Delaware legislature and elect a  
United States senator. Chairman Wilson  
appears to have been beaten in West Vir-  
ginia, and all four congressional districts  
have probably been taken by the Republi-  
cans. The Republicans have doubtless  
captured the legislature, which means a  
Republican gain of one United States sen-  
ator.

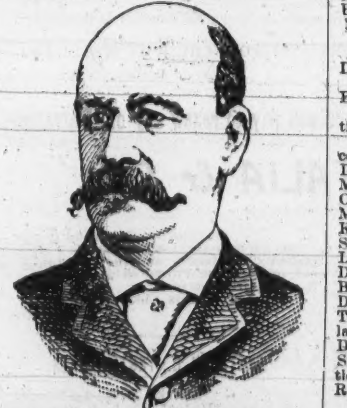

Democratic losses are reported from the  
south, but it is not certain the Republi-  
cans have gained many congressmen there.  
The Filianites have carried South Caro-  
lina, and will send a Populist to the  
United States senate in place of a Demo-  
crat.

The Populists have been beaten in Colo-  
rado, and two Populist members of  
congress supplanted by Republicans.  
The Republicans have carried the New  
Jersey legislature and will elect a United  
States senator to succeed McPherson,  
Democrat. Unless the returns from the  
far northwest are adverse to the Republi-  
cans, which is not likely, this insures Re-  
publican control of the United States sen-  
ate. A Republican gain of three congress-  
men is reported from New Jersey. The  
indications are that the fusionists have  
been beaten in Nebraska, in spite of a Re-  
publican bolt, and Majors, Republican,  
for governor, elected. The following re-  
ports show the trend of the elections in  
the various states:

### NEW ENGLAND.

Late Returns Show Republican Gains to a  
Surprising Degree.

BOSTON, Nov. 8.—Late returns confirm  
earlier indications of a sweeping Republi-  
can victory throughout the state. Figures  
give Greenhalge (Rep.), 190,242; Russell  
(Dem.), 128,436, making Governor Green-  
halge's plurality 61,806, as against a plu-  
rality in 1893 of 35,997. Twelve out of 18  
congressmen are Republicans. In the city  
of Boston Governor Greenhalge's vote  
is 90,031, 704 more than he received last  
year, while Russell, the Democratic candi-  
date, received 33,143, against a vote in 1893  
of 39,042.

GOVERNOR GREENHALGE.

For the first time in more than 10 years  
the Republicans whittled the plurality  
down to but 3112, as against a plurality of  
9715 last year, and 14,000 for ex-Governor  
W. E. Russell two years ago. In the west-  
ern part of the state Worcester increased  
Greenhalge's plurality to 3225. The Demo-  
cratic vote fell off everywhere, and the  
same is true in many parts of the state of  
the Republican vote, an aspect of the  
election that was due to the storm.

In the lower branch of the state legisla-  
ture the Republicans made gains—38  
Democrats and 210 Republicans being  
elected. The legislature will be over-  
whelmingly Republican.

Of the executive council but one Demo-  
crat, John H. Sullivan of Boston, secured  
a place. The members from the First,

Second, Seventh and Eighth districts  
were re-elected. The council was elected  
as follows: First district, Ziba C. Keith  
of Boston (Rep.); Second district, Cyrus  
Savage of Taunton (Rep.); Third district,  
Francis H. Raymond of Somerville (Rep.);  
Fourth district, John H. Sullivan of Bos-  
ton (Dem.); Fifth district, E. Frank  
Southwick of Peabody (Rep.); Sixth dis-  
trict, John M. Harlan of Woburn (Rep.);  
Seventh district, Charles E. Stevens of  
Ware (Rep.); Eighth district, Alvah  
Barrows of Goshen (Rep.).

The state officers elected are as follows:  
Governor—Frederick T. Greenhalge of  
Lowell (Rep.).  
Lieutenant Governor—Roger Walcott of  
Boston (Rep.).  
Secretary—William M. Olin of Boston  
(Rep.).  
Treasurer—Henry M. Phillips of Spring-  
field (Rep.).  
Auditor—John W. Kimball of Fitch-  
burg (Rep.).  
Attorney General—Hosea M. Knowlton  
of New Bedford (Rep.).

Returns from the congressional vote of  
the First district indicate a large falling off  
in the Democratic vote, with, however,  
a corresponding increase in the number of  
votes polled for the Republican candi-  
dates. Congressman Wright has carried his  
own town, North Adams, by a gain of  
nearly 300 over his majority in 1892. His  
total vote, however, was less than that of  
two years ago, when his plurality was  
about 300 in the district.

LEUTENANT GOVERNOR WOLCOTT.

Gillett of Springfield will be re-elected  
to the house from the Second district by a  
largely increased plurality, though, as in  
the case of his friend, Wright of the First  
district, Mr. Gillett's total vote will be less  
than that of two years ago.

Congressman Walker of the Third and  
Apley of the Fourth return to their seats  
in the house with pluralities of 6000 and  
7000 behind them, while in 1892 Walker  
had only 300 plurality and Apley only 8200.

Knox of Lawrence comes out of his  
struggle with Fifield, the Democratic candi-  
date, with a gain of more than 3500 in  
the Fifth district, and two towns yet to  
beat from.

In the Sixth General Cogswell of Salem  
is smiling over a gain of 4000 votes above  
the number that returned him to the  
house in 1892.

In the Seventh, where Hamilton, the  
Democratic nominee, made himself fam-  
ous by his denunciation of the A. P. A.,  
William E. Barrett of Melrose is elected  
with a gain of more than 6000 votes over  
his previous contest.

John F. Fitzgerald, who will be the sole  
representative of the Massachusetts Demo-  
cracy in the next house, goes in with a  
majority of 1916 over his Republican op-  
ponent, as against a majority for Con-  
gressman O'Neil (Dem.) of over 5000.

The fighting Tenth, from which Con-  
gressman McErick (Dem.) went out two  
years ago with a plurality of about 1000,  
polled the largest vote in the history of  
the district and gave Atwood (Rep.), a  
plurality of nearly 1000 over his two prin-  
cipal opponents, McErick and McNary.

Congressmen McCall and Morse from  
the Eighth and Twelfth districts go back  
to the house with big gains.

Congressman Draper in the Eleventh  
has increased his plurality of 2500 in 1892  
to 7500 this year.

In the Fall River district, the Thirteenth,  
Bob Howard was turned down by Can-  
didate Shipkins (Rep.), but the vote was  
light and the majority was reduced by  
over 1900 under that of two years ago.

**New Hampshire.**  
CONCORD, N. H., Nov. 8.—In returns  
from 236 towns and wards in New Hamp-  
shire already heard from Busiel (Rep.)  
has 40,533. Kent (Dem.) 28,129. Knowles

CHARLES A. BUSIEL. HENRY O. KENT.

(Pro.) 1619, and Epps (Pop.) 594, making  
Busiel's plurality over Kent 12,404. These  
same towns in 1892 gave Smith (Rep.) 38,  
193 and McKinney 35,128. Should the ra-  
tios of Republican gain and Democratic  
loss be the same in the 48 towns not yet  
heard from, Busiel's final plurality over  
Kent will be 14,752, the largest plurality  
ever given a gubernatorial candidate in  
the history of the Republican party in  
New Hampshire. In the first con-  
gressional district Sulloway (Rep.) has received  
in the towns heard from 20,337 and Nash  
(Dem.) 14,613; in the second congressional  
district Baker (Rep.) has 19,829 and Mc-  
Daniel (Dem.) 14,335, indicating a final  
plurality for each Republican candidate  
of about 6500.

tween 12,000 and 15,000 majority. Republi-  
can congressmen are elected from all  
four districts by majorities of from 1200 to  
6500. Coffin, the Republican candidate  
for governor, has a plurality of 17,178 over  
Cady, the Democratic nominee.

**Rhode Island.**  
PROVIDENCE, Nov. 8.—The Democratic  
defeat was complete. Every city in the  
state went Republican. The city of New-  
port, which a few days ago elected a Demo-  
cratic mayor, gave Bull, the Republi-  
can congressional candidate, over 800 plu-  
rality. Bull's plurality in the state will be  
about 4000. The majority of Arnold (Rep.)  
in the Second district will be the largest  
ever given a candidate in the district.

Every Tammany Nominee For Municipal  
Office Is Defeated.

NEW YORK, Nov. 8.—Returns from all  
over the state indicate that all of the con-  
stitutional amendments have been  
adopted by large majorities. The amend-  
ments were voted for on three ballots.

LEVI P. MORTON.

The result of the returns so far gives  
Hill a plurality in the city of 5549. The  
police returns give Hill a plurality of 2907.  
Outside of this city Morton has received a  
plurality of 151,918. Goff's plurality is 62,  
000 and Strong's 49,517.

Of the nine congressional districts in  
this city, Tammany has only carried  
three—the Eighth, Ninth and Twelfth. In  
the Ninth, Harry Miner has beaten Tim  
Campbell, who was turned down by Tam-  
many; while in the Twelfth, George B.  
McClellan, the president of the board of  
aldermen, has pulled through by the skin  
of his teeth. In the Seventh, Austin Ford,  
nephew of Patrick Ford, editor of the  
Irish World, has been elected.

The overthrow of Tammany in New  
York city and of the Hill machine in  
New York state is complete and emphatic.  
Hill loses heavily in the country districts,  
but in the metropolis his rout is some-

## The Battle of Ballots.

Whatever cause may be assigned for the overwhelming republican victory elsewhere, that it was due to the democratic stay-at-homes in our conservative town no one will venture to claim, not even a partisan of partisans. The result proclaims practically a "unanimous" vote for the republican ticket, a result which, in a town that is always close, often with a democratic tendency, could have only been reached with the cordial endorsement of our democratic voters.

Every nerve was strained by both town committees to get out the vote and with average success, although the new democratic town committee unconsciously contributed many a vote to the republican ticket, as the counting of the ballots in each precinct clearly indicated, and for some reason or other the countenances of those who had hitherto been counted as the most ardent and intelligent democrats were unclouded by evidences of any "bitter" disappointment when the final result was known. It is quite clear that the task of rolling up such a grand plurality could not have been accomplished if the democrats had not heartily co-operated in the republican plan.

Of the total registration of 771 voters, 644 exercised their right of voting. There was on the list in Precinct 1, 523 names; of these 464 voted. In Precinct 2, there were on the list 258 names, and of these, 180 were checked. The total number who did not vote in Precinct 1 was 59; Precinct 2, 74; total, 133. The same number did not vote this year as on the last election. In Precinct 1 last year there were 81 who did not vote, and in Precinct 2 there were 52; total, 133.

Mr. Horace B. Foster, the People's party candidate for Representative to General Court, received a very complimentary vote. Mr. John S. Stark of Andover also lead his ticket and will probably be the next democratic Representative to the General Court from this district.

In Precinct 1 the polls were closed at 3.50 o'clock, and in Precinct 2 at 4 o'clock P.M. The vote was declared in Precinct 2 at 7 o'clock, and in Precinct 1 at 7.45 o'clock.

## Our Best Wishes.

Mr. Francis R. Bishop, the genial head clerk of T. A. Holt & Co.'s store, was not to be found at his usual place of occupation yesterday, but his sudden disappearance is attributed to the fact that he was present at a quiet little affair in Lowell, Wednesday, at 3.30 o'clock, P.M., and was then joined in wedlock by Rev. Mr. Mansfield to Miss Lillian H. Molineau, a bright, talented young lady of that city. Mr. and Mrs. Bishop will on their return to town reside on Osgood Street. Many pretty wedding gifts were bestowed upon the bride.

## Cochlewick Lodge, F. A. M.

At the annual meeting of Cochlewick Lodge of Masons Wednesday evening, Mr. Chas. F. Johnson, after serving continuously as lodge secretary for twenty years and six months, although re-elected, declined the honor of the office for a longer time.

Mr. Johnson was born and has always been a resident of town, and was a prominent town official for over twenty years, and our town, as probably also the lodge records, bear testimony to his skill as a penman and book-keeper. Mr. Johnson was made a Mason in St. Matthews Lodge in 1870, but withdrew on the formation of the local organization. Feb. 11, 1881, his efficiency in the office of secretary was recognized by his brother associates, and through Brother Joseph F. Allen, one of the most interested members the Lodge ever had and a prominent factor in its institution, was presented with a handsome gold watch appropriately engraved, as a token of esteem. Mr. Johnson and Mr. Allen were both charter members.

The officers chosen for the term are as follows: Wor. M. George H. Perkins; S. W. George A. Rea; J. W. F. A. Warren; treasurer, Dr. F. E. Weil; secretary, W. R. Mills; S. D. Samuel D. Berry; J. D. William Halliday, Jr.

Among the Congregational people Hon. N. P. Frye has been advanced to the office of deacon, to succeed Mr. Hathorn. The election was held last evening.

Respectfully represents Mary Pickett of Andover, in said county of Essex, that she is seized in fee simple and is in possession of a tract of land containing thirty-six acres, more or less, with buildings thereon, situated in Andover aforesaid, on the northerly side of the River road, so called, which land is now bounded southerly by said road, westerly by land of one Hood, formerly of James Bailey, northerly by the Merrimack river, and easterly by land of Charles H. Newton, formerly of Joseph Bailey; said land having been devised to your petitioner by Patrick B. Mahoney, late of said Andover, deceased, by his will, duly proved and allowed in said county of Essex, in the year 1894.

And your petitioner further represents that the title to said real estate is encumbered by three undischarged mortgages, namely:

1. A mortgage given by William Bailey, Jr., formerly of said Andover, and since deceased, to William Foster, Jr., also formerly of said Andover, and since deceased, to secure the payment of a note of five hundred dollars, dated December 18, 1819, payable, on demand, with interest, in six months after the date of said mortgage, which is dated the twenty-third day of May, A.D. 1820, and recorded with Essex Deeds, Book 224, leaf 85, a copy of which said mortgage is hereto annexed, and marked "A"; which said mortgage conveyed a tract of eighty acres, whereof your petitioner's tract of thirty-six acres, more or less, is a part:

2. A mortgage given by Roderick Bailey of said Andover to Joel Stone, Jr., of Lowell, in the county of Middlesex, supposed to be since deceased, to secure the payment of a note for eight hundred dollars and interest, bearing even date with said mortgage, and payable on demand, said mortgage being dated the eleventh day of May, A.D. 1840, and recorded with Essex Deeds, Book 318, leaf 244, a copy of which mortgage is hereto annexed, and marked "B"; which said mortgage conveyed a tract of thirty-five acres and ninety-three rods, together with other lands:

3. A mortgage given by Walter D. Bailey of said Andover to Roderick Bailey of said Andover, since deceased, to secure the payment of twelve hundred dollars and interest, in equal annual payments of three hundred dollars each, in one, two, three, and four years from the date of said mortgage, which is dated February 26th, A.D. 1857, and recorded with Essex Deeds, Book 546, leaf 245, a copy of which said mortgage is hereto annexed, and marked "C"; which said mortgage conveyed the land now owned by your petitioner, and describes it as containing thirty-five acres and ninety-three rods, together with other lands.

And your petitioner further represents that the said William Bailey, Jr., after making the first mortgage above recited, conveyed said mortgage land, with other land, to William Bailey 3d, and Joseph Bailey, by warranty deed, dated April 6, 1832, recorded Book 264, leaf 178; and said William Bailey 3d conveyed his share and interest in said mortgage land to said Joseph Bailey by quitclaim deed, dated Jan. 19, 1836; recorded Book 302, leaf 257; and said Joseph Bailey conveyed said mortgage land to Roderick Bailey by quitclaim deed, dated May 13, 1836, recorded Book 306, leaf 291; and said Roderick Bailey, after making the second mortgage above recited, conveyed said mortgage land to Walter D. Bailey by warranty deed, dated February 20th 1857, recorded Book 546, leaf 243; and said Walter D. Bailey, after making the third mortgage above recited, conveyed said mortgage land to Calvin E. Stowe by warranty deed, dated April 4, 1857, recorded Book 549, leaf 225; and the said Calvin E. Stowe conveyed said mortgage land to Jonathan F. C. Hayes by warranty deed, dated May 24, 1857, recorded Book 552, leaf 100; and the said Hayes mortgaged said land to said Stowe, May 24, 1857, the mortgage being recorded Book 551, leaf 254; at said Hayes conveyed said land subject to his said mortgage, to Charles F. Knapp by warranty deed, dated May 24, 1857, recorded Book 551, leaf 107; and the said Calvin E. Stowe foreclosed his said mortgage; given him by said Hayes, by action under the statutes in this behalf, and possession of the mortgage land was delivered to him in due form of law on March 20th, 1860, and the said Stowe conveyed the said mortgage land to Benjamin F. Butler by warranty deed, covenanting that the same was free of all incumbrances, dated November 27th, 1863, and the said Benjamin F. Butler conveyed the same by deed with full covenants of warranty to said Patrick B. Mahoney, your petitioner's ancestor, said deed being dated December 19th, 1865, recorded Book 696, leaf 23; all of said records being in the Registry Deeds for the Southern District of Essex County.

And your petitioner further represents that the mortgages named in said three mortgages, and all those of record who had or have the estate of the mortgagors in the premises have been in uninterrupted possession of the land, which is described in this petition, and is covered by said mortgages, for twenty years after the time limited in said mortgages for the full performance of the conditions thereof; your petitioner's ancestor, the said Mahoney having been in such uninterrupted possession twenty-nine years, to the time of his decease.

And your petitioner believes and avers that the conditions of all of the said three mortgages were long since fully performed, and that said mortgages have no valid existence; and wherefore she prays this honorable court to enter a decree setting forth such facts and its findings in relation thereto, and that said mortgages be adjudged and decreed to be of no force or validity against said land herein described.
